

Hello Rice Lake Families,

As we continue to move forward through this unusual school year, I want to confirm the number of students interested in shooting with the archery club starting on Thursday, December 3. Archery club is for any student new to archery that would like to find out more about the NASP archery program. Because we have had high interest in archery, and with COVID restrictions, we will limit club to students that have not shot competitively with the team or that have shot with club for more than two years already. We will develop a schedule for archers that limits the number of students gathering at the same time and will communicate that schedule out once we have a better grasp on our total numbers. All of the equipment needed for shooting with the archery club is provided by the school.

If your student is planning on shooting with the archery club and you have not already filled out the athletic registration forms in skyward indicating they will be shooting with the club, please do so by next Monday.

If you are planning on shooting with the archery team, we will be sending out information closer to Christmas break for sign-ups.

If you have any questions, please reach out to me either via email vlcekn@ricelake.k12.wi.us or phone 715-234-8156 x5362.

We are excited about providing our students this opportunity.

Sincerely,

Mr. Vlcek
